**Objective**

An enthusiastic and creative Computer Science student with a passion for fostering community engagement through events and social media. With proven experience in leadership, event organization, and digital marketing, I aim to contribute to the Social Media and Event Support team at San Francisco State University by creating impactful campaigns and managing seamless events that enrich student life.

---

**Education****San Francisco State University**

*Bachelor of Science in Computer Science*

2024 - Present

- **President, Sri Lankan Student Association:**
  - Organized and executed cultural, academic, and social events for international students, including fundraisers and workshops.
